

The KERNEL

Corn Cob Blaster For professional stain removal

The Kernel: Complete with instruction manual and all parts and hoses needed to operate machine. (Media not included)

Custom Features

Precision Pinch Valve

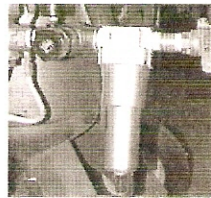

Special valve designed for fine-flow spray of corn cobs.

Pressure Regulator

Optimizes media flow and protects tank from pressure overload.

Moisture Separator

Keeps media dry for superior flow and clog resistance.

Fan Nozzle

Removes stain evenly and provides a wider stripping range.

Standard Model: Includes standard nozzle only.

Upgrade Features: Includes standard nozzle plus heavy duty Fan Nozzle, Coupling and Swivel.
